YOUR HOST

Passionate about creating unforgettable coastal stays

Hi, I'm Juanita — and I've been hosting guests at Diaz Beach, Mossel Bay for over a decade. What started as a personal love for this stretch of the Garden Route has become a mission to share it with as many people as possible.

I personally own and manage both Sunset and Sunrise apartments — so when you book with me, you're dealing directly with the person who cares most about your experience. No agencies, no middlemen, no generic responses.

My philosophy is simple: treat every guest the way I'd want to be treated as a traveller. That means clean, well-equipped apartments, honest pricing, fast communication, and genuine warmth from the moment you enquire.

I introduced flexible payment plans because I believe everyone deserves a quality coastal holiday — not just those who can pay upfront. A 15% deposit secures your dates, and you pay the rest in manageable monthly instalments. It's the kind of personal touch you won't find on Airbnb or LekkeSlaap.

WHAT I STAND FOR

My hosting values

Every decision I make is guided by these four principles.

Personal Touch

Every guest gets my personal attention. I respond to every message myself and care about the details others miss.

Highest Standards

Spotlessly clean apartments, quality linen, and everything stocked and working before you arrive. No compromises.

Memorable Stays

My goal isn't just a place to sleep — it's a holiday you'll talk about for years. Guests return again and again.

Always Available

I'm available on WhatsApp before, during and after your stay. Questions, tips, restaurant recommendations — just ask.

BOOK DIRECT & SAVE

Experience it for yourself

Book directly with me and get the best available rate, flexible payment plans, and my personal guarantee of a 5-star stay.
